**WISHING YOU  
THE BEST!**

Vijay,

It was a pleasure working with you all this years. Your personal drive to make data engineering easier has led you to build many automation tools for which we are all gratefull.

While I am sad to see you go, I am happy to witness your growth and to see you take on a bigger role. I'll miss our conversations; do not hesitate to reach out at any time should you need any advice - professional or not.

I wish you all the best at Marks & Spencer and look forward to catch up with you in the future.

How am I supposed to compete with the previous page?!?  
Best of luck in the new gig, hopefully you won't be reviewing security footage at M&S otherwise I'll have to stop lingering in the lingerie department 😂  
All the best...
